

Votes to Support Our Military and Veterans

Washington, DC - Congressman John Adler announced today \$7.9 million for a new Family Support Center on Joint Base McGuire/Dix/Lakehurst. As part of the Military Construction and Veterans Affairs Appropriations bill, the new family support center will benefit our local military men and women and their families.

"We must support the brave men and women in uniform who keep us safe," said Congressman Adler, whose district includes Joint Base Dix/McGuire/Lakehurst. "Our service members and their families make sacrifices for our freedom every day. I'm proud to do my part to support their efforts."

This funding will construct a new 1,672 SM Family Support Center on Joint Base McGuire/Dix/Lakehurst. This project will provide a modern, properly sited and sized center to support increased demand for services associated with the military and dependent population growth resulting from the Joint Base initiative.

The MILCON/VA Appropriations bill appropriates approximately \$78 billion for Department of Defense military construction projects as well as the Department of Veterans Affairs in support of our active duty and retired members of the Armed Forces. The bill is supported by major veteran service organizations, including the American Legion, Veterans of Foreign Wars and the Disabled American Veterans.
